		that most issues are too complex to answer just yes or no, so feel free to use the com- provided to further explain your answer.
1.		bills have been introduced in the Missouri Legislature to establish vouchers, tuition tax credits and eductions for parents who choose to educate their children in private schools. What is your posie issues?
	Vouchers: Tuition tax Tuition tax	Support ☐ Oppose  credits: ☐ Support ☑ Oppose  deductions: ☐ Support ☑ Oppose
	Comments:	I believe the money should follow the student. This would pressure school districts to succeed or lose students. Tax credits would not work should we move to a Fair Tax environment.
2.	specifics ope	', the Missouri Supreme Court decided that public employees could bargain collectively, but left en to interpretation by the Legislature. Should legislation mandate traditional bargaining composes strikes, exclusive representation and binding arbitration?
	Strikes: Exclusive re Binding arb	Yes Volume No  epresentation: Yes No  itration: No
	Comments:	Public employees should NEVER have the power to shut down government or coerce their employers in any way, especially one that could force tax increases or prevent layoffs. It is the function of voters to decide if tax increases are necessary.
3.	souri. Open	Joint Committee on Education did a study of open enrollment across school district lines in Misenrollment allows students to attend any public school in Missouri, including schools outside their district. Would you support legislation allowing open enrollment in Missouri?
	✓ Support	Oppose
	Comments:	As long as schools can set a ceiling on their enrollment and give preference to students in their own area. Schools should not be required to provide transportation or extra-cost services for such students.

	or oppose legislation to allow for charter schools to expand statewide?
✓ Support	□ Oppose
Comments:	Charter schools could provide a secular alternative to government schools; currently the alternatives are religious-based.
stipends for al developme local school	er is a program established in 1985 that allows teachers in participating school districts to earn work done beyond regular classroom duties including student tutoring, parent contact, professionent, mentoring and other activities. The stipends are paid with funds from both the state and the district and range from \$1500 to \$5000 based on the number of hours worked and the teacher's ation. Do you support the Career Ladder Program?
Support	□0ppose
Comments:	To complex an issue to give a yes or no on. On the surface it appears to be a means of providing overtime pay to teachers for tasks that I thought were traditionally part of a teacher's duties.
	ries are paid based on years of experience and the teacher's level of education (bachelors, maste, etc.). Do you support this method of paying teachers?
Support	Орроѕе
Comments:	I support this in part only. While these are certainly factors, the proof is in the quality of the teaching and that should be the primary determinant.

Board of Ed	<b>IR97</b> and <b>SJR39</b> were proposed to change the state constitution to alter the makeup of the State lucation. Currently the board consists of eight lay members. Under the proposed change, the board ade of six lay members, one active superintendent, one active principal and one active classroom
teacher. Do	you support allowing practicing educators to serve on the State Board of Education?
Support	<b>✓</b> Oppose
Comments	Would this not be the fox watching the henhouse?

November ( support or	ond issues require a four-sevenths majority for approval if voted in April (each year) or August and even-numbered years). A two-thirds majority is required if voted on other election dates. Would you oppose legislation to allow Missouri citizens to decide if school bond issues should be approved by ajority vote?
Support	<b>√</b> Oppose
	The supermajority requirements protect the taxpayer by ensuring that incurring public debt has broad support.

9. If elected, v	vhat would be your committee assignment preference?
Small busine	ess, economic development, tourism
do le li la	
10. It elected, v	what (if any) would be among the first bills you would sponsor or cosponsor?
	Education Bill:
	None

	Non-education Bill:
	Eminent domain reform
	tax incentive reform
	Assertion of state rates under the 10th Amendment
<b>11.</b> What do vo	ou believe is the number one issue facing Missourians?
,	rowth of government at all levels takes more and more resources better used in
	sector. Control needs to be at the lowest level possible.
- Pillato	Actor. Control flood to be detailed for the formation possible.
